Famous Copyright works Fiction!

Originally Published at \$1.00, \$1.25 and \$1.50, reduced to

This is an offering that the book-reading public will instantly recognize as unique in the bookselling records of our time, notable in its extent and unequalled in its value. Try and appreciate the full meaning of this offering. Think of the sacrifice (so very apparent) that is sus-tained—not on OLD, but on NEW books—not on UNKNOWN, but on FAMOUS BOOKS-books by the most celebrated

authors of the day! Figure on the author's copyright note, the paper and printing (which is of the highest character), and the fine art LINEN CLOTH BINDING (which alone cost what we ask for the book). Even paper bound novels by prominent modern novelists cost from 32c, to 50c. In view of these facts it is evident that we are conservative in making the statement that this is a book transaction of surpassing importance. Among the titles are:
